TWO ARE DEAD, THIRD DYING.

Mine Superintendent Shoots His Assailants While He Was Dying.

Birmingham, Ala., March 20.—H. H. Chamberlaine, superintefident of the mines of the Crescent Coal company, at Sloca, Ala., is dead; Joe Creek, a miner, is also dead and Will Creek, his brother, is dying as the result of a three-cornered pistol duel at the mines Monday afternoon.

The two miners had been drinking and were creating a disturbance at the country store. Mr. Chamberlaine tried to quiet them, when Joe Creek fired upon him, knocking his hat from his head and knocking him down. While he was down, Creek fired a second shot, which resulted in Mr. Chamberlaine's death in a Birmingham hospital several hours later.

While mortally wounded and lying on the ground, Chamberlaine pulled his pistol and fired several shots, one of which killed Joe Creek and fatally injured his brother, Will.

Chamberlaine's remains will be sent to Richmond, Va., his former home, for interment.

Miss Rockefeler to Wed.

New York, March 20—The engagement of Miss Ethel Goodsell Rockefeller, the daughter of Mr. and Mrs. William Rockefeller, to Marcellus Hartley Dodge, grand son of the late Marcellus Hartley, is announced. Mr. Marcellus Hartley was a prominent financier and merchant. Mr. Dodge's father, Morman Dodge, died in 1902, and he became an heir to the large fortune which he left. He is practically the successor of his grandfather in business. Miss Rockefeller made her debut about three years ago. Her friends say that she has no particular taste for society, but is fond of outdoor life and travel.

San Francisco, March 20—The Call says that Senator W. A. Clarke, of Montana and his associates are out of the San Pedro, Salt Lake and Los Angeles railroad, and E. H. Harriman is the owner of their stock. The story given out in financial circles Wednesday says that Harriman has purchased the shares in the Salt Lake Route held by Senator W. A. Clarke, R. C. Kerens, David Keith and Thos. Kearns. The quartette of millionaires retains possession of $35,000 of the road's bonds, of which Clarke holds $30,000, Kearns $3,000, Keith $1,000,000 and Kerens $1,000,000.

Made His Word Good.

Columbus, Ga., March 20.—"I'll never be here any more," said Hogan Sedberry, engineer of the steamer Queen iCty, to the police sergeant as he paid a fine imposed upon him in the recorder's court for disorderly conduct. Going home, he took chloroform and laudanum, and died late on Monday afternoon from the effects of the drugs. Sedberry had been in police court on a number of occasions for minor infractions of the law. It is said that he had made several unsuccessful attempts to end his life. He leaves a wife and a sister.

WHO WAS CAST INTO A SAFE

While She Was Unconscious—Police Believed that Murder Was Planned and Robbery Committed Only as a Blind—Suspects Held.

Evansville, Ind., March 20.—Miss Josie Gray, who was asaulted in a furniture store here is still unconscious, and physicians are constantly at her bedside. Dr. C. B. Harpole says it is probable that the young woman may regain her senses.

Though two suspects, a Norwegian and a Swede, are held by the police, the latter's theory is that the motive of the crime was not burglary but murder, and that the deed was committed by some one who knew the building well. Detective John Houghland thinks after the girl was assaulted the safe was robbed in order to throw the officers off the trail.

It is believed the assailant struck her a blow on the head with his fist and then choked her until he thought she was dead, and threw her into the safe to make sure of his job, thinking if she showed any signs of life she would soon smother in the big safe, a vault built in the wall. The case is full of mystery.

A woman dressed in man's clothing and giving her name as Blanche Jones, and her home as England, was arrested here. While the police do not connect her with the assault on Miss Gray, they are holding her pending an investigation.

Miss Gray is head bookkeeper at the R and G. furniture store on Main street, one of the largest stores in the city. She was behind with her work and remained at the store until a late hour, working upon her books.

Some time about midnight, it is believed, burglars entered the store, and seeing her at the desk assaulted her and beat her into insensibility with some blunt instrument. They then opened the safe and after securing over $500 in money picked up the unconscious from of the woman and locked it in the safe.

The father of the girl, a retired Methodist Episcopal minister, residing on Upper Eighth street, near mdinight became uneasy because the girl had not returned home and went to the police station to ask that an investigation be made.

Captain Christian Heur and Detective John Heeger went at once to the furniture store and found small coins scattered about over the floor in the rear of the building and heard groans coming from the direction of the big safe.

Upon opening the safe the officers found Miss Gray unconscious and bleeding from several wounds on the head. One side of her head was badly crushed and a large gash was cut under her jaw and her teeth had been knocked out. Physicians were hurriedly summoned and she was removed to St. Mary's hospital, where it was stated her condition is serious.

It is feared her skull is crushed, and in this case there is little chance for her recovery.

Just what time the assault was made on Miss Gray is not known, although the officers think it happened near midnight.

Miss Gray is one of the best known young women in the city, and has been prominent in church work for many years, being a member of the Trinity Methodist Episcopal church.

Boy Is Shot To Death.

Vienna, Ga., March 20.—While out hunting, the 10-year-old son of J. T. Murray, a prominent farmer, living abous 3 miles south of Vienna, was shot to death by one of his companions, a negro boy named Pleas Kennedy. It seems that the boys had tired of hunting, and the negro suggested playing "war," and that he snatched the gun from young Murray and shot him. The account is given by another boy, who was with the negro and young Murray, and ... himself.

HAVE SETTLED STRIKE.

Employes of Telegraph company at New Orleans Return to Keys.

New Orleans, Mrh. 20H—The trouble between the Postal Telegraph Cable company and its employees has been satisfactorily settled, and all employees returned to work.

Saturday afternoon a strike occurred among the operators in the New Orleans office, which was due to a misunderstanding between the company and its employees as to the 10 per cent increase given all employees by the Postal Telegraph-Cable company on March 1st, and which was thought not to include some of the New Orleans force who were temporarily employed as extra operators.

General Superintendent Paine and Assistant General Superintendent Duncan, of Atlanta, arrived in New Orleans Sunday morning, and a conference between these officials and the New Orleans force resulted in the adjustment of all differences in a manner satisfactory to both the employees and the company.

Colony Will Not Disband.

New York, March 20.—At a meeting of about forty members of the Upton Sinclair co-operative colony near Englewood, N. J., it was decided not to disband notwithstanding the destruction of Helicon Hall, by fire recently. The assemblage met in the barn of the Colony. Mr. Sinclair was absent owing to illness. He is in bed at the home of Gaylor Wiltshire, in this city. A prominent colonist said Monday night that so many assurances of success and offers of support have come since the fire that it seemed certain that funds would not be lacking for any sort of enterprise the colony may choose to establish. At least one group of the colonists made homeless by the fire, will camp out in the tents this summer, probably upon the Helicon hall grounds. Possibly a large number will live in the tents until a new house has been erected.

New Postal Law.

Washington, March 20.—Postoffice department officials are looking forward with interest into the putting into effect of the law permitting the transmission of letters and packages for special delivery where the necessary ten cent postage is not attached in addition to the ordinary postage. The law will become effective July 1 next, and is intended to do away with the necessity for the usual special delivery stamp. It is believed at the department that a considerable increase of business will result. The importance of such a law was first suggested to the department by Rev. William E. Parsons, of this city, in 1905. At that time, Fourth Assistant Postmaster General Degraw, was in charge of the city delivery service of the government, and he urged Postmaster General Cortelyou to recommend favorable action by congress.

Five Convicts Get Away.

Americus, Ga., March 20—Another wholesale escape of county convicts from Sumter's chaingang was made here on Monday when five men broke a bar in the prison pen, and escaped. Going to the railroad shops, they secured tools wherewith to sever their shackles. There have been numerous jail and chaingang escapes here recently, with the result that seventeen misdemeanor convicts are now at large, besides Murderer George Bundrick, and other jail birds.

Injured Girl Doing Well.

Atlanta, March 20.—At the Grady hospital early Tuesday morning it was reported that Viola Ayers, a 14-year-old press feeder at the Fulton Cotton Mills, whose arm was frightfully crushed early Monday morning, was resting well and would recover from her injuries. The girl's arm was caught between two rollers on a cylinder press which had to be taken apart before she could be released. Amputation was necessary.

Switch Engine Hits Wild Cars.

Augusta, Ga., March 20.—A switch engine on the Georgia railroad ran into a string of wild coal cars on the main line in the city limits, smashing the engine, breaking both legs of Engineer Matthews, internally injuring his fireman and slightly injuring a flagman.

ALSO COMPLETELY DESTROYED

Loss Is $100,000—Is Partially Insured Chronicle Issues Paper at 10 A. M. On Press of Herald, Its Afternoon Contemporary.

Augusta, Ga., March 20.—Fire at 3:10 o'clock Tuesday morning, completely gutted the building of the Augusta Chronicle, wrecking eight linotype machines and damaging its presses.

The main offices of the Western Union Telegraph company and the Union City ticket office, which occupied the same building, were entirely destroyed.

The destruction of the Western Union Telegraph offices has temporarily left the company without any wires.

The Herald, the afternoon contemporary of the Chronicle, tendered the use of its presses and the Chronicle issued a four-paged paper at 10 a. m. Tuesday.

The loss is estimated at $100,000, and is partially covered by insurance.

The flames were first seen breaking out in the job office of Murphy & Billings, which is in the rear of the Chronicle building.

Within a short time the entire building was a mass of flames and for more than five hours the firemen were kept busy.

The fire was gotten under control about 9 o'clock.

Became Insane at Sea.

Chicago, March 20.—James Honning, of Chicago, who became violently insane on the White Star liner Cedric, while in midocean is 46 years old and well known here as an amateur billiardist. Continued brooding over the loss of his family in the Iroquis theater fire caused his attack of insanity. At the time of the fire Mr. Honning and his family lived at 5743 Prairie avenue. Since then he has been a wanderer with a nominal residence in Ann Arbor. His brother, Edward Honning, is a broker here and lives at the Chicago beach hotel. Both men are wealthy.

St. Louis, Mo., March 20.—Dr. Julius H. Weinberg, a well known physician, is lying in a serious condition at the St. Anthony's hospital, as the result of being shot four times Monday night by his son Oscar, aged 18. The boy is under arrest. He said he had only recently learned that his own mother died at his birth, and the present wife of Dr. Weinsbery is his stepmother. This caused estrangement, and culminated in the bloodshed.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle

DRESS PARADE YESTERDAY.

University of Florida Ceremony Draws Good Crowd.

The dress parade at the University of Florida yesterday afternoon was an exceedingly interesting ceremony, the large number of visitors present indicating great interest.

Many also went out for the purpose of investigating College Park, our new high-lass residential suburt, which is situated just across the avenue, as there has been much talk of this subdivision and a great deal of interest manifested among those who knew that it was soon to go on sale.

Many have expressed surprise that the company would put their land on sale at the time, owing to the fact that the coming appropriation for the University will increase, so rapidly, the value of adjacent lands—indeed one man went so far as to say that, in his opinion, College Park lots would be worth fully $1,000 the next five years.

But, be it as it may, the fact remains that College Park lots will go on sale next week, and any increase in value will be money in the purchasers' pockets. The general prediction is that the whole Park will be sold during next week, which will speak well for the prosperity of Gainesville and her people's far-sightedness.

A Delightful Affair.

Misses Bessie and Julia Bunch, at their home on South Arredondo street, entertained the members of the Senior B. Y. P. U. Tuesday evening.

About forty accepted the invitation to be present and they have no regrets to make, as the evening was passed in a most enjoyable manner, games and music comprising the program. A most novel as well as amusing feature of the program was a "proposal contest," in which the prizes were hearts and mittens. Blank programs were furnished the young men, which they were required to fill in with the names of young ladies, and to each of whom it subsequently became their duty to make the best and most appropriate proposal for matrimony they were capable of considering their opinion of the young lady's disposition. The result was very interesting and amusing, and created a great deal of good humor.

The prizes were hearts and mittens. Hugh Futch, a student of the University, proved an adept at the profession, he having won the largest number of hearts, while Mr. Mickler, another student of the same institution, was "given the mitten" as a consolation prize.

Delicious refreshments of ice cream and cake were served during the evening.

For Toting a Pistol.

It appears that the average colored man, as well as many of his white friends, insist on toting a pistol, regardless of the fact that they realize they are in violation of the law, and the consequences will be serious if they are ever caught with a gun in their pocket.

Morris Hamilton of Newberry, a negro well known throughout the West End, was the last victim from that section, having been arraigned in Justice Henderson's court at Newberry upon a charge of carrying concealed weapons, and sentenced to pay a fine of $100 and costs, or spend six months in jail.

Morris was unable to meet the financial requirement and was brought to Gainesville, where he was placed in prison to serve his sentence. Friends came to his relief Wednesday, however, and paid the fine.

CITY COUNCIL IN SPECIAL SESSION

Long and Interesting Meeting of That Body Monday Night.

ORDINANCE 133 WAS DEFEATED

It Provided For the Issuing of $4,500 Special Assessment Certificates for Paving Purposes—The Election Ticket Arranged—Other Notes.

The City Council held a special meeting Tuesday night which proved a rather interesting one to the dozen or fifteen spectators present, and at which a great deal of business was disposed of.

There were present Alderman Broome, president; Aldermen Taylor, Bunch, Cushman, and Clerk Dell.

The reading of the minutes were dispensed with, and the Council proceeded at once to business.

A communication from W. W. Hampton, attorney, stating that the city held tax deeds to certain property assessed to R. P. Goss and bought in by tax sale several years ago, and making a proposition that he would repay the city the amount of said certificates against the property, was presented. Upon motion it was agreed to accept the face value of claims of tax deeds, and the proper officials were instructed to issue quit claim deeds to the property in question.

The chair announced the Council's readiness to hear complaints from property owners, if any, on the matter of assessments. Several complaints were presented by petition and in person, which were properly adjusted.

Communications from L. A. Thrasher and B. A. Thrasher objecting to the paving of East Main street N. in front of their property, and making note of these objections, were read, and upon motion were received and filed.

A communication from W. W. Hampton of the Board of Public Works, stating that the board had requested him to confer with the Council in the matter of a number of hydrants which were encroached upon the curbing, and asked that same be removed, was referred to the Water Committee for investigation.

A communication was received from the Board of Public Works giving the estimated cost for sewer connections, etc., along East Main street. Upon motion the matter was referred to the Ordinance Committee and the City Attorney for report.

Ordinance 133 Defeated.

Upon motion the rules were waived and Ordinance No. 133, providing for three special assessment-certificates of $1,500 each, bearing interest at the rate of 6 per cent per annum, for the payment of sidewalks, curbing and gutters on Franklin and Church streets, was placed upon its third and final reading.

This ordinance successfully passed its first and second readings at a previous meeting of the Council, but was defeated upon its final reading. When the motion was made to adopt by Alderman Taylor, the roll was called, and the vote stood as follows: Broome, no; Bunch, yea; Cushman, yea; Taylor, yea; Wittstock, no. The result was two to three in favor of the adoption, but the chair declared the document lost.

"Why does the chair declare this ordinance lost, when the majority are voting for its final adoption?" asked Alderman Taylor.

"I am merely going by the rules," replied Chairman Broome, who explained that the rules provided that an ordinance to be passed on its final reading must have the majority of the votes of the Council, not the majority of the aldermen present. For the information of his colleagues Chairman Broome then produced and read that section of the rules referred to, which made the matter plain. Alderman Taylor good-naturedly admitted that he had been enlightened, and submitted gracefully to the decision of the chair.

In order to pass this ordinance, it will now be necessary to re-introduce and repass it on all three readings in regular form.

Preparing City Ticket.

A motion to proceed in preparing, or making up, the municipal ticket, prevailed, but had not advanced far before becoming confronted with a knotty problem.

The names of candidates for the various offices as nominated and presented by the Municipal League and the meeting at the court house Monday night, as well as names presented through petitions, were received. When the names of candidates for Board of Public Works, nominations of the Municipal League, were reached, Clerk Dell read an affidavit signed by H. L. Phifer to the effect that he would positively refuse to accept the nomination. This affidavit brought about a rather perplexing situation, but after President Sanchez of the Municipal League stated that the League would not insist upon Mr. Phifer's acceptance, he was relieved. In the meantime a petition signed by the required number of qualified electors nominating E. J. Baird as a candidate for the board was presented.

Recess Was Taken.

Upon motion a recess was taken for thirty minutes, but it was more like an hour and thirty minutes, and both Aldermen and spectators began to show signs of impatience with an occasional yawn.

When the meeting was finally called to order again there was presented another affidavit, this signed by Alderman Taylor, informing the Council that he would positively decline the nomination for member of Board of Public Works made by the citizen's meeting at the court house Monday.

Immediately following this affidavit a petition containing the proper number of signatures was read asking that Mr. Taylor's name be placed on the ticket for member of Board of Public Works to fill the unexpired term of W. N. Wilson, resigned.

Messrs. Taylor and Baird having been nominated by petition, it was agreed to place the names of S. J. Thomas and J. H. Vidal nominees of the citizen's meeting and the Municipal League, respectively, as regular nominees for the full term, and E. J. Baird and W. B. Taylor as nominees to fill the unexpired term of W. N. Wilson.

Upon motion the clerk was instructed to place upon the ticket the name or names of any regular nominees which might be presented to him before midnight of Tuesday, March 19, after which the Council adjourned.

The Regular Ticket.

Following is the regular ticket as accepted and ratified by the Council:

COLORED VOTERS MET.

They Begin Their Regular System of Ratifying Candidates.

The Citizens' Club, composed of a number of the colored voters of the city, held their first "ratification meeting" as they are pleased to term it, in Rising Sun hall, North Arredondo street, Tuesday night.

S. B. Willis, a colored politician who enjoys the reputation of having "some pull," presided, while D. W. Rowe, a young colored man of recognized powerful influence among his friends, acted as secretary.

After considerable discussion, the following candidates of the ticket were endorsed:

For Mayor, W. R. Thomas, Administration candidate.

Aldermen, S. M. Mixson, H. S. Graves and S. J. Burnett of the Municipal League, J. W. Blanding, Administration.

Members Board Public Works, S. J. Thomas, Administration, J. H. Vidal, Municipal League.

Marshal, Benj. T. Arnow, Independent nominee.

T. B. Ellis, Sr., for Tax Collector, William Bradford for Assessor and J. Maxey Dell for Clerk and Treasurer, candidates who have no opposition, also endorsed.

The Citizens' Club then adjourned to April 9, when they agreed to meet at the polls.

Weak Stomach Causes Sickness.

Different Symptoms That Result From Indigestion — How to Cure by Strengthening the Stomach.

If you have ever suffered with a weak stomach you must realize that the digestive system is to the body what the foundation is to the house—the base of support and strength.

Whatever hurts your stomach or lessens its power, hurts all other parts of the body and impairs their powers. If the stomach is weak and distressed, one organ after another will be involved until the heart, kidneys and liver are all distressed.

Get the stomach right and health will naturally come to the other organs. This explains why a good many people who have doctored for years for diseases of the heart, kidneys or liver, have at last been cured by Mi-o-na stomach tablets. They found to their astonishment and happiness that when the weak stomach was strengthened, their health returned, the heart became regular, the torpid liver active and the kidneys healthy.

Do not think we claim Mi-o-na is a "cure-all." It is not. It is a specific for all distresses of the stomach, and when it strengthens the stomach and cures indigestion, you will soon be well all over without further medicine.

Mi-o-na is sold only in 50c boxes, never in bulk. It is sold under an absolute guarantee by J. W. McCollum & Co. to refund money unless it cures.

Nashvile, Tenn., March 20.—The holding of further proof on the presentation of the motion for a new trial of Dr Herman Feist, charged with the murder of Mrs. Rosa Mangrum, and who was found guilty of murder in the first degree, was continued Monday. The lips of the accused were unsealed for the first time in an affidavit in which he proclaimed his innocence.

SHALL THE CHILDREN WORK?

From The Live Oak Democrat.

The Democrat has quite recently quoted some strong talk from The Florida School Exponent denouncing as rubbish the crusade in certain quarters against child labor in this country. Sentimentalism, pure and simple, which is generally an enemy of good sound sense when the former invades the field of practical affairs, is undoubtedly the strongest impulse behind the crusade, and it is especially to be distrusted when it is New England sentimentalism sticking its impertinent nose into purely Southern matters. The question at bottom is what kind of education do the children of this country most need, and in what proportion should school attendance be mixed with healthy labor for the child outside the school? We are breeding a fearful crop of young loafers and idlers all over this country; youthful degenerates are everywhere increasing in numbers, and that, too, for no other reason than because their parents no longer compel them to work. As a result they are growing up with fixed aversion to the habits of steady industry out of which alone virtue, self-reliance, manly character and good citizenship can come.

That splendid Southern periodical, The Manufacturers' Record, is discussing this vital question in the virile and searching way in which it goes at every subject of importance, and the discussion is bringing in letters from all parts of the country, North and South. Here, for instance, are the views of the principal of a Chicago public school on the question, published in The Record, and we strongly commend them to parents charged with the solemn responsibility of training up the boys who are to make the law-abiding, useful, successful men, or the vagabonds, criminals and jailbirds of the generation to follow us:

"I am in favor of child labor. Every child ought to work every day in his life. Child idleness is worse than child labor. When the boy is given no chance to accomplish anything, is it any wonder that he takes to the reading of blood-and-thunder stories and attempts to practice the acts of villainy he reads about? Is it any wonder that we are a nation of grafters? Four hours of school and four hours of work alternating will make every child self-sustaining after the age of 10. * * * With a peculiarly devilish intelligence society and the law have prevented the boy from getting work that really is work. He may run messages and sit on a bench with a crowd of vitiated youths larger than himself. He soon absorbs their vices and quits work. It is a miracle that all of them do not go down to perdition right there. But there is such good stuff in our boys that they have, in spite of the folly of their elders, a real desire to become reputable citizens. This strong desire saves some; others go to ruin. Every child ought to work every day of his life. He is born into a world which requires work, and he ought not to be permitted to form habits of idleness and shirking. Child idleness is worse than child labor. * * * Coming up in idleness, the child is compelled to seek unnatural and secret means of gratifying the desire to accomplish something. So lying and cheating are carried on in and out of school, cruelty is practiced, depredations are committed against life and property in the streets near home, peddlers are assaulted, helpless animals are tortured, and in most neighborhoods the adults admit to you with lamentations that the children about there are so full of the very devil as they can stick. Is it any wonder that we have a nation of grafters? We have been subjected to years of training in the devil's workshop where these things are concocted."

The resolution adopted by the meeting of citizens which re-nominated Major Thomas for mayor, urging the passage of a law enabling property owners to pay for improvements in four yearly instalments at six per cent interest, is timely and to the point. The present rate of one per cent per month is not only usury, but in some instances is calculated to result in confiscation of poor people's property. Some of the assessments for sidewalks and street paving have been more than the property owner could pay at one time, and this fact, coupled with the additional fact that there will be more instances of the same kind as the work is extended, has done more than anything else to cause the dissatisfaction now manifested on the part of some of our citizens. The people of Gainesville are unitedly in favor of improvements, but none of them wish to surrender their homes in order to secure them.

When Democratic farmers unite and get after a trust the result is more satisfactory than the Republican efforts in that direction. The oil trust, the beef trust, the sugar trust and the paper trust are still plundering the people, although the Republican politicians have made demonstrations against these corporations. But the tobacco trust, which was dictating the price it would pay the tobacco growers for their product, has been confounded by the Democratic farmers of Kentucky and Tennessee, and buyers are now paying nearly double the price for tobacco the trust offered.

The Chattanooga Tradesman of a recent date contains some interesting reports concerning municipal ownership of public utilities, and in every instance it is shown that public ownership of lighting plants redounds to the benefit of the community. Yet Gainesville fails to apply the bonds voted by the people to the installation of a publicly owned electric light plant.

ARE CHARGED WITH PEONAGE.

Two Farmers of Jasper County Before Commissioners.

Macon, Ga., March 20.—A. F. Mosely and S. H. Hardman, two prominent citizens of Jasper county, were made defendants in a prosecution, alleging peonage, before United States Commissioners W. E. Martin, Jr.

When the two men were called to answer, they asked for a stay of proceedings until March 30, for the purpose of bringing in witnesses. Both are farmers and are prominent in their community. Their detention was the result of action taken in the United States district attorney's office here, upon information furnished regarding a negro who was made to return and take up work on the farm of Mosely.

The alleged peon is Will Hurt. Upon a charge of cheating and swindling, preferred by Mosely, a warrant was issued in the court of justice Thad P. Shy for the negro's arrest. S. H. Hardman was made temporary constable for the purpose of serving the warrant. According to statements which have been made, the warrant was served upon the negro and he was taken into custody. After the negro, seeing that he had made trouble for himself, agreed to return to Mosely's farm and work out money which he had secured from Mosely. When this course was determined upon, the warrant was no longer pushed.

United States Deputies Frank and Jim Riley had charge of the men and the witnesses for the prosecution when the case was called for trial before Commissioner Martin. Justice Shy was present and the negro whom it was alleged, had been forced to work under a state of servitude. The two accused men made bonds, and will appear again on the date set for the preliminary hearing.

I kept this treatment up for three weeks when he was perfectly well. He has worked steadily since then at hard labor work. Dr. King's New Discovery saved his life." Guaranteed cure for cough and cold cure by all druggists. 50c and $1.00. Trial bottle free.

Train Strikes Emory Nolan.

Atlanta, March 20.—A white man, Emory Nolan, a brakeman on the Belt line, was knocked unconscious on North avenue yards by a passing train, and was taken to the hospital and operated upon. His condition is critical, and it is improbable he will live through the night. From all accounts, Nolan was leaning out of the cab of the engine, when an unseen train whizzing by, knocking him off. The left side of the head and body was crushed.

Dangers of Pneumonia.

Lingering at this time if neglected is liable to cause pneumonia which is so fatal, and even when the patient has recovered the lungs are weakened, leaving them peculiarly susceptible to the development of consumption. Foley's Honey and Tar will stop the cough, heal and strengthen the lungs and prevent pneumonia. Lagrippe will yield quickly to the wonderful healing qualities of Foley's Honey and Tar. There is nothing else "just as good." J. W. McCollum & Co.

Engaged for Another Year.

Paris, March 20.—Mme. Marguerite Sylva, the well known American prima donna, who has been so successful at the opera comique as Carmen and Santuzza in Cavalliera Rusticana, has been re-engaged at that theater for another year, beginning Oct. 1, next. Under her contract she is to sing only leading roles, and is now rehearsing a creation in the new opera "Ghyslaine," which is to be given its premier at the Opera Comique early in April, next.

How to Remain Young.

Continue young in health and spirits do as Mrs. N. F. Rowan, Mexia, Tex., did. She says: "Three bottles of Electric Bitters cured me of kidney and stomach trouble, after such an unhealthy blood that my skin would scale. I am now practically well before I have used" [illegible]

What Ails You?

Do you feel weak, tired, despondent, have frequent headaches, coated tongue, bitter or bad taste in morning, "heartburn," belching of gas, acid risings in throat after eating, stomach gnaw or burn, foul breath, dizzy spells, poor or variable appetite, nausea at times and kindred symptoms?

If you have any considerable number of the above symptoms you are suffering from biliousness, torpid liver with indigestion, or dyspepsia. Dr. Pierce's Golden Medical Discovery is made up of the most valuable medicinal principles known to medical science for the permanent cure of such abnormal conditions. It is a most efficient liver invigorator, stomach tonic, bowel regulator and nerve strengthener.

The "Golden Medical Discovery" is not a patent medicine or secret nostrum, a full list of its ingredients being printed on its bottle-wrapper and attested under oath. A glance at its formula will show that it contains no alcohol, or harmful habit-forming drugs. It is a fluid extract made with pure, triple-refined glycerine, of proper strength, from the roots of the following native American forest plants, viz., Golden Seal root, Stone root, Black Cherrybark, Queen's root, Bloodroot, and Mandrake root.

The following leading medical authorities, among a host of others, extol the foregoing roots for the cure of just such ailments as the above symptoms indicate: Prof. R. Bartholow, M. D., of Jefferson Med. College, Phila.; Prof. H. C. Wood, M. D., of Univ. of Pa.; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago; Prof. John King, M. D., Author of American Dispensatory; Prof. Jno. M. Scudder, M. D., Author of Specific Medicines; Prof. Laurence Johnson, M. D., Med. Dept. Univ. of N. Y.; Prof. Finley Ellingwood, M. D., Author of Materia Medica and Prof. in Bennett Medical College, Chicago. Send name and address on Postal Card to Dr. R. V. Pierce, Buffalo, N. Y., and receive *free* booklet giving extracts from writings of all the above medical authors and many others endorsing, in the strongest possible terms, each and every ingredient of which "Golden Medical Discovery" is composed.

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. They may be used in conjunction with "Golden Medical Discovery" if bowels are much constipated. They're tiny and sugar-coated.

Posse Is In Pursuit.

Ashland, Ky., March 20.—Two murders and an avenger made an outlaw, were reported as the result of one man's act at Hellier, Ky. In an old village in southern Virginia, Frank Dutton and Alcene Rose met and loved, an elopement following. Sam Rose, brother of the girl, followed them to Hellior, wherein a pistol duel he killed Dutton and almost immediately afterwards was himself shot by Elias Dutton, brother of Frank, dying deside his sister's doorstep. Dutton took tto the mountains and a posse is in pursuit.

A positive cure for bilious headaches, constipation, chills and fever, and all liver complaints. J. C. Smith, Little Rock, Ark., writes: "Herbine is the greatest liver medicine known. Have used it for years. It does the work." Sold by W. M. Johnson.

Something Threatening Suggested.

London, March 20.—John Milne, the seismic expert, says that the world which normally experiences earthquakes, has been strangely and ominously quiescent, last fortnight, which suggests that something is threatening.

MELROSE NEGRO SHOT HIS WIFE

"Shut Your Mouth or I'll Blow Your Head Off" He Said.

APPARENTLY MEANT BUSINESS

A Few Moments Afterwards a Shot Rang Out, an Officer Arrived Upon the Scene, and Found the Woman Wounded—James Now in Prison.

Jonas James, a negro residing near Melrose, who has a reputation not at all enviable, shot his wife Tuesday afternoon at their home, with the result that the woman is now lying in a wounded condition, while Jonas is in jail with heavy iron bars between himself and freedom.

It is said that James has been cruel to his wife, who is a hard-working, industrious woman, for many years, and upon two or three occasions she left him on this account.

The arrest was made by Constable J. L. Ford of Melrose, who fortunately heard the shot. Mr. Ford was riding by the house occupied by James and his wife, when he saw James sitting in the door of his cabin, a shotgun across his lap. It is stated that Mr. Ford heard the man quarreling, supposedly with his wife, and exclaimed in an apparent heighth of passionate madness, "If you don't shut your mouth I will blow your head off."

After proceeding a short distance the officer heard the report of a gun. He rode rapidly back to the house, where he found the woman had been shot, and he placed James under arrest.

The preliminary hearing will be had before County Judge Mason as soon as the woman has sufficiently recovered to come into court and appear against James.

G.B.Burhans Testifies After Four Years

G. B. Burhans, of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick dust sediment, and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to anyone suffering from kidney or bladder trouble." Newberry, March 20.—One of the prettiest weddings that ever occurred in Newberry was that of Mr. Benjamin D. Wetherington and Miss Mattie Shepherd, which took place at the Baptist church last Thursday night, Mr. W. H. Tucker officiating.

To the strains of Mendelssohn's Wedding March, played by Mrs. H. C. Collins, the bridal party entered the beautifully decorated church, Mr. R. Tobacco Barn Burned to Ground.

Nashville, Tenn., March 20.—A Russellville, Ky., dispatch to the Banner Tuesday says that John T. Young's tobacco barn, near Olmstead was burned to the ground Monday night, with about $20,000 worth of tobacco. Young belonged to the Dark Tobacco Growers' association, but it is said he was buying independently. It is believed that the barn was burned by night riders.

Worked Like a Charm.

Mr D. N. Walker, editor of that spicy journal, The Enterprise, Louisa, Va., says: "I ran a nail in my foot last week and at once applied Bucklen's Arnica Salve. No inflammation followed; the salve simply healed the wound." Heals every sore, burn and skin disease. Guaranteed at all drug stores. 25c.

Heat on Tobacco Improves it Like Roasting Improves Green Coffee. Heat Develops the Stimulating Aroma and Taste found in Schnapps Tobacco and Coffee

Three ways are used by farmers for curing and preparing their tobacco for the market; namely sun cured, air cured and flue cured. The old and cheap way is called air cured; the later discovery and improved way is called flue cured.

In flue curing the tobacco is taken from the fields and racked in barns especially built to retain heat and there subjected to a continuous high temperature, produced by the direct heat of flame heated flues, which brings out in the tobacco that stimulating taste and aroma that expert roasting develops in green coffee. These similar processes give to both tobacco and coffee the cheering and stimulating quality that popularizes their use.

The quality of tobacco depends much on the curing process and the kind of soil that produces it, as expert tests prove that this flue cured tobacco, grown in the famous Piedmont region, requires and takes less sweetening than tobacco grown in any other section of the United States and has a wholesome, stimulating, juicy, full tobacco taste that satisfies tobacco hunger. That's why chewers prefer Schnapps, because Schnapps cheers more than any other chewing tobacco, and that's why chewers of Schnapps pass the good thing along—one chewer makes other chewers, until the fact is established that there are more chewers and more pounds of tobacco chewed to the population in states where Schnapps tobacco is sold than there are in those states where Schnapps has not yet been offered to the trade.

A 10c. plug of Schnapps is more economical than a much larger 10c. plug of cheap tobacco. Sold at 50c. per pound in 5c. cuts. Strictly 10 and 15 cent plugs.

HYDE'S MILLINERY OPENING.

One of the Largest and Most Successful Ever Held Here.

The much looked for Easter opening at The G. W. Hyde Co.'s Great Department Store was a long to be remembered occasion. All day long the aisles were crowded and it was a common expression that no such display of fine millinery and ladies' ready-to-wear goods was ever seen in the city. In fact, it is difficult to find such a display in any city.

The color scheme of green and white was carried out throughout the entire store, giving it a very pleasing and springlike appearance.

The designs and colorings are too numerous to attempt a description, but probably the most admired hats were the "air ship" and "lantern" designs, being entirely new this season.

The ready-to-wear goods were especially admired, it being hard to find a more elaborate display of dainty shirt-waists, white wash suits, tailored suits, or the new jumper suits.

It is the intention of this wide-awake firm to make this one of the greatest stores in Central Florida, and the pride of Gainesville.

You are requested to be present again today. Your orders will be given prompt attention.

PLANS ARE EXHIBITED.

Handsome Picture of Interior of Proposed Gainesville National Bank.

A handsome colored picture of the plans of the interior of the proposed Gainesville National Bank, which will occupy quarters in the Endel block, is on exhibition in a window of that building, and has attracted a great deal of attention during the past two days.

The picture shows elegant marble floors and immense marble pillars, with a handsome steel ceiling. The office furniture is shown in marble, brass and wood. The office will be provided with large and modern departments, and in all the new bank will be an institution which in appearance would be a credit to any city in the country.

Among the well known citizens of the county in the city yesterday, and one of the most beloved by those who know him, was Frank W. Polk of Dutton, who made The Sun an appreciated call, renewing his own subscription and that of J. E. Dubose.

Cake is a failure unless properly flavored. When you want to be certain of having the finest vanilla you should use Blue Ribbon. This vanilla is the finest yet produced.
